

PRIVACY POLICY

RVA PHYSICAL THERAPY Privacy Policy

RVA PHYSICAL THERAPY has created this privacy statement to demonstrate our commitment to maintaining your privacy. The following discloses our approach to information gathering and disseminating practices for the Public Domain website and newsletter.

Our approach to privacy

Like many clinics, we gather information on website usage and invoice details users provide so we may provide more valuable information about our offerings. We do not share this information with other third parties, and we take every step possible to ensure your information is protected.

To do this, we collect the following types of information:

IP Address. Your computer reaches us via a particular IP (Internet Protocol) address. Public Domain uses IP addresses to analyze trends, administer the Web site, and gather broad demographic information for aggregate use. However, to ensure privacy, we do not link IP addresses to personally identifiable information.

Cookies. Your browser offers “cookies” which—unless you disable their use—store small amounts of data on your computer about your visit to our site. Cookies assist us in tracking which of our offerings you like best. Cookies tell us nothing about you personally unless you specifically give us additional information. If you disable this feature, certain aspects of our site, may not function in the way they were intended.

NEWSLETTERS

We may from time to time send you email updates or other communications regarding our events and other news of interest to our customers and community. You may “opt-out,” or unsubscribe, from these newsletters by following the unsubscribe instructions in any email you receive, at any time. After doing so, you will not receive future promotional emails under that email address, unless you again sign up to receive them.

SECURITY

RVA PHYSICAL THERAPY takes precautions to protect the personal information we collect from. However, we cannot guarantee information transmitted over the internet to be 100% secure. Once we receive your information, we make reasonable efforts to comply with industry best practices to ensure its security.

CHANGES

By using our website, you consent to the collection and use of personal information as described above. If we decide to change our Privacy Policy, we will post these changes so users will be always aware of what information we collect, how we use it and under what circumstances we disclose it. Please visit this page as needed since continued use of the site will be deemed to constitute your acceptance of such changes.
